

MUSIC | BACHELOR OF MUSIC: MUSIC (COMPOSITION)

The Bachelor of Music in Composition is designed to give committed composition students the analytical, creative, and musical tools needed to bring their musical voice to life. Through performance, training in theory and history, skills in piano, conducting, technology, and composition lessons that are grounded in form, style, process, and creative thinking, the program will set students on the path for professional success.

Composition students will have the opportunity to have their works performed by fellow students, and participate in the program's New Music Festival held each spring semester.

Music at FHSU is accredited by the National Association of Schools of Music (<https://nasm.arts-accredit.org/>).

Program Requirements

General Education

All undergraduate degrees require completion of the Kansas Systemwide General Education (<https://catalog.fhsu.edu/general-education/>).

Courses identified with ^{GE} on this page may satisfy a general education requirement in addition to the identified degree requirement. Students who apply a degree requirement to satisfy a general education requirement will typically add an equal number of hours to the the university elective category. This flexibility may allow you to complete a minor or certificate within the 120 hour degree. Transfer students and students majoring in programs with approved exceptions (<https://www.fhsu.edu/general-education/documents/fhsu-gen-ed-transfer-exceptions-explainer1.pdf>) are especially encouraged to select these courses in completing General Education requirements to maximize the likelihood of completing the degree with 120 credit hours.
