

MANAGEMENT | BACHELOR OF BUSINESS ADMINISTRATION: MANAGEMENT (OPERATIONS MANAGEMENT)

Operations managers blend their qualitative "people skills" and quantitative business skills to efficiently and effectively create services and products to meet the needs of customers. They connect their organizations to global suppliers and customers across ever more complex value chains. Operations managers translate organizational strategies into appropriate operations tactics, to deliver value to customers through high-quality, low-cost, responsive, and flexible solutions. Key skills include tools and knowledge about quality management, lean systems, change management, project management, and supply-chain management.

Students should speak with their advisor if either situation applies to determine if the number will vary, and to ensure they enroll in a minimum of 45 upper-level hours.

Students entering within 1 year of high school graduation will take UNIV 101 Freshman Seminar and may apply that hour in the open elective category.

Program Requirements

General Education

All undergraduate degrees require completion of the Kansas Systemwide General Education (<https://catalog.fhsu.edu/general-education/>).

Courses identified with ^{GE} on this page may satisfy a general education requirement in addition to the identified degree requirement. Students who apply a degree requirement to satisfy a general education requirement will typically add an equal number of hours to the the university elective category. This flexibility may allow you to complete

a minor or certificate within the 120 hour degree. Transfer students and students majoring in programs with approved exceptions (<https://www.fhsu.edu/general-education/documents/fhsu-gen-ed-transfer-exceptions-explainer1.pdf>) are especially encouraged to select these courses in completing General Education requirements to maximize the likelihood of completing the degree with 120 credit hours.
