

ADVANCED EDUCATION | MASTER OF SCIENCE IN EDUCATION (ELEMENTARY EDUCATION - TRANSITION TO TEACHING)

Program Summary and Degree Map

This program is for candidates who have a school district in Kansas willing to sponsor and hire them to work as the full-time, elementary classroom teacher-of-record while they complete FHSU classes.

In addition to the Program Admission Requirements, candidates must also submit a signed *Intent to Hire* form by their hiring/sponsoring district. Applications to the ELED T2T program will not be accepted without the Intent to Hire form. In addition, candidates must meet ALL of the admission requirements or they will not qualify.

Please note that this program requires a preliminary semester (which starts in the Fall or Spring) in which students take courses in ELED Literacy, Mathematics, Social Studies and Classroom Management along with completing a 120 hour internship in an ELED classroom. While students cannot be hired as the teacher-of-record in the preliminary semester, they could still serve as paraprofessionals or substitutes in their sponsoring district.

After successful completion of the preliminary semester, students can be offered a contract and teach in an ELED classroom under this limited license.

Program Requirements

ELED (K-6) Certification Courses

Code	Title	Hours
Preliminary Semester ¹		
TEEL 836	Advanced Literacy for Primary Grades (F, S) ²	2
