

PSYCHOLOGY | BACHELOR OF SCIENCE: PSYCHOLOGY

The Psychology Department offers flexibility by allowing students to choose either the Bachelor of Arts or the Bachelor of Science route. Although the core coursework is the same for both, there are some slight differences.

Whether you pursue a BA or BS, you'll also need to complete FHSU's General Education requirements (<https://www.fhsu.edu/general-education/general-education/index/>) (34 hours).

Students also have the flexibility to complete the BA or BS degree in Psychology online via FHSU Online (<https://www.fhsu.edu/online/index/>). GetEducated.com (<http://GetEducated.com>) recently named the online undergraduate degree a "Best Buy."

Program Summary

- We recommend the BS option for students who intend to go to graduate school.

Code	Title	Hours
General Education		34
BS Math and Science		13
Psychology Major Requirements		36
Open Electives ¹		37
Total Hours		120

¹ Open electives are the credit hours required to reach a minimum of 120 total hours and 45 upper-level hours. The number listed assumes all courses are completed at FHSU as listed. This number may vary if students transfer courses, or have individual substitutions allowed.

Students should speak with their advisor if either situation applies to determine if the number will vary, and to ensure they enroll in a minimum of 45 upper-level hours.

Students entering within 1 year of high school graduation will take UNIV 101 Freshman Seminar and may apply that hour in the open elective category.

Program Requirements

General Education

All undergraduate degrees require completion of the Kansas Systemwide General Education (<https://catalog.fhsu.edu/general-education/>).

Courses identified with ^{GE} on this page may satisfy a general education requirement in addition to the identified degree requirement. Students who apply a degree requirement to satisfy a general education requirement will typically add an equal number of hours to the the university elective category. This flexibility may allow you to complete a minor or certificate within the 120 hour degree. Transfer students and students majoring in programs with approved exceptions (<https://www.fhsu.edu/general-education/documents/fhsu-gen-ed-transfer-exceptions-explainer1.pdf>) are especially encouraged to select these courses in completing General Education requirements to maximize the likelihood of completing the degree with 120 credit hours.

Code	Title	Hours
General Education		34-35

BS Science and Mathematics Requirement

A candidate for the BS in Psychology must complete **20 hours of course work in Natural Science and/or Mathematics**. Counting the 7 hours required in the general education curriculum this means a student will need to complete 13 additional hours of Math or Sciences.
